DETROIT, Aug. 8. (P)—Suit for \$1200 spent on his funeral was initiated today by Joseph Blominski against the undertaker who officially buried him.

Mr. Blominski returned home after a seventeen months absence, only to be informed he was dead and buried and \$200 he had left with his landlord had been used to provide a first-class funeral.

While appreciating the spirit which prompted the expenditure, Mr. Slominski considered it entirely unnecessary and instituted suit for a refund.

It was explained that the error in choosing a principal for Mr. Slominski funeral arose from the fact that he did not notify relatives when he was sent to a county mirror as an alcoholic. He was reported missing and a body in the County Morgue identified as his.

ORE than 234 carloads of Majestic Electric Radio receivers have been sold in Southern California since June 14, 1928, when the first carload of Majestic Radio was delivered in Los Angeles. Figure 25 of these cars to a train, which is an average trainload, and still you'll have a few to apply on the tenth trainload. And new carload shipments are arriving in Los Angeles nearly every day.

Majestic...consistently the leader of the radio industry since its introduction less than 14 months ago ... is maintaining its leadership with the new 1930 Majestic models introduced a few weeks ago. Sales, amazingly tremendous last year, are even greater this year, and production in the eight great Majestic. factories is now 5000 complete Majestic radio receivers each working day.

Bettered Majestic performance is responsible for the great increase in sales. The new 1930 Majestic has absolutely no A-C hum. It is the first all electric receiver that produces broadcasted programs with out hum or background noises. The new Majesti is the most powerful and most selective radio to ceiver ever built by any manufacturer and is Majestic built by the world's largest manufactures of complete radio receivers.

Before you consider the purchase of any radio eq ment, regardless of cost, you should, in fairness to yourself, ask your nearest Majestic dealer to demon-strate this sensational radio receiver and explain the exclusive Majestic features that make the 1930 Majestic the best "dollar for dollar" value ever produced in the history of the radio industry. FOOD TASTELESS

Lette in penitentiaries in France comparable in most case to penitentiary life cinewhere — twelve outs of work or obligatory lock-lep in a marrow court, twelve outs of work or obligatory lock-lep in a marrow court, twelve outs of confinement in a narrow cill. The food is tasteless, but oursales. Some penitentiaries have sermin, others are clean.

The regulations for all are the same. The difference lies in the wardens. In one respect the wardens are all alike; their prisoners are to them no longer men but creatures who have lost right to any consideration beyond being fed, examined periodically by a doctor and being allowed to write letters once a month.

The effect upon the prisoners is exactly what the regulations intend. Their spirit is broken. The Communist, Marty, who led the revolt in the French facet at Odessa in 1919 and wrote as propaganda for his party a booklet on his impressions of French penitentiaries, was struck by the incapacity of his fellow-prisoners to feel revolt.

REFEATER DOOMED

There is nothing to prevent the prisoner, once he has paid for his erime, hehabilitatian himself in France. If he has learned his lesson he goes straight. If he has developed a taste for criminal life the state has an inexorable answer—the penal colony. There is no disposition to analyze or give any consideration whatever to the criminal instinct. The possessor is simply put where he cannot do anything about it.

The criminal before the court a second time has virtually no chance. He is lucky if he is ordered to serve his second sentence in France. A third is inevitably in the penal colony, with banishment for ever.

FIREMEN DISCUSS PENSIONS

State Convention Urged to Support Tax Measure by Speakers at Meeting

FULLERTON. Aug. 6.—Routine business of the California State Firearms Association occupied the attention of the seventh annual convention here today. The sessions temestrew when election of officers and selection of 1930 convention city are scheduled, are expected to be the most interesting of the three-day meeting.

Support of the 2-cent tax measures on fire insurance, designed to provide a pension fund for retired or disabled firemen, was urged upon the entire convention today, when the matter appears on the ballot in the next general election.

Nearly 1000 delegates and visitors had registered up to a late hour today with many additional visiting firemen from Southern California departments expected for the final day of the session tomorrow.

Wives of delegates and visiting firemen enjoyed a trip to Laguns Beach for luncheon followed by a tour along the coast to San Clemente and return by way of San June College board of trustees and valued at \$500 each have been awarded to seven fortunate girls, it was announced today by Dr. E. anni that an increase to be part and the stock market the wholly unexpected raising of the rate today caused considerable concern in Wall street, as to its possible effects upon speculative sentiment. Increases in the past usually have brought sharp downturns in stock prices. Owing to the difference in time, the San Francisco stock market was still in sension when the increase was announced and stocks on that market sold off rapidly.

The New York Reserve Bank has not previously increased its discount rate more than half of 1 per cent since June, 1920, when it rose from 6 to 7 per cent. The per cent rate is the highest since July, 1921, when the rate was reduced from 6 to 8½ per cent.

While the rediscount rate of 5 per cent has been regarded as artificial in that prime commercial paper has been commanding from 6 to 61-4 per cent, Wall street expects the higher rediscount rate will result in slightly higher commercial paper has been commanding from 6 to 61-4 per cent, Wall street expects the higher rediscount rate will result in slightly higher commercial paper rates as it would be unprofitable for a member bank to discount a note for a customer at 6 per cent, if it must in turn pay 6 per cent at the Reserve Bank to have it discounted. The effect upon call and time loans against security collateral remains problematical as these rates have commanded an average of more than 7 per cent for several months. The matter of call money has been the subject of heated polemics in redent, said that it was the intention of directors to continue the payment of a quarterly dividend of 1 per cent in stock instead of extra cash dividends as paid heretofore.

Stockholders of the company at a special meeting approved the proposal to increase the common stock from 600,000 to 700,000 shares. An offer of 75,000 shares of stock to present holders on the basis of one share of new stock for each eight share now held at a price of \$50 a share will be made to stockholders of record the 19th inst.

C. W. Higisy, president of Hanover Life Insurance Company, was elected a director. R. H. Horsburg resigned as secretary and was elected a vice-president. C. M. Colb was named secretary.

INTERSTATE RAILWAYS RESUMES PAYMENT

NEW YORK, Aug. 3. Wheat Market Turns Upward After Easing

CHICAGO, Aug. 8. (8)—Pared by unexpected lower undations at Liverpool, the wheat market here made a wavering start today, but specific advanced as a result of word that current transactions in flour were of the heaviest volume so far this year, with orders treatly in excess of the immediate capacity of the mills.

Moreover, some authorities were predicting less than half a crop of wheat for Australia this season ewins to paraisent drought, and Germany's wheat crop was officially estimated at 17,000,000 bushels less than last year. Excellent programs in relieving congestion at domestic winter wheat terminals. Combain in particular, was also noted, etunity offerines being lighter. Minneapolis and Duluth, though, were still receiving large quantities of winter wheat.

It has been repeatedly pointed out, however, that the 5 per cent rediscount rats was merely nominal, with commercial paper at 6 to 6 1-6 per cent.

The action was particularly surprising in view of the fact that the Bank of England did not increase its rate this week. The British Central Bank has been losing the Bank of England did not increase its rate this week. The British Central Bank has been losing gold heavily in the past few weeks, reducing its reserves below the accepted minimum and Wall street has held to the theory that a higher rate at New York would tend to draw gold this way and further embarase London. The reserve bank action, however, caused specialtion as to whether some means of co-operation may not have been evolved during the recent visit of Gov. Norman of the London bank. The Federal Reserve condition statements showed that the ratio

of total reserves to deposit and reserve note lishilities increased slightly during the week to 74.5 per cent, as compared to 69.5 per cent ayear ago. Acceptances bought in the open market and government securities increased about \$5,000,000.

Outside of the developments in the credit situation, there was little in the day's news to influence the stock market. General Motors directors announced after the close of the declaration of only the regular quartery dividend, although an extra of 30 cents was paid in the previous quarters will be seen to a securities and earnings statements continued to appear. Call money renewed at 8 per cent, but sagged to 7. Time money, however, held firm, with little moving under 9 per cent.

STEEL HITS NEW FEAK

United States Steel was brought forward once more as a leader, and was bid up nearly 6 points to a record of pice above 221. Unfilled orders as of July 31, will be announced in a few days, and are expected to show a decline from the end of June, but to hold far above the like date of last year. Some of the rails also were bid up rapidly, Atchison rising about 12 points to a record at 277. Utilities railied substantially. Such shares as Air Reduction, American Telephone, American Tobacco, Consolidated Gas, Gillette, National Biscuit, Packard Motor, and Union Pacific made wide gains.

Among the few soft spots, Youngstown Sheet and Tuby and Chesapeaks and Ohlo lost 3 and 2 points,

SAVINGS

Today a new generation is swelling the westward tide. From every state they come to live more amply, more securely, more successfully.

Here they find economic stability . . . a stability that is strongly reinforced by state-wide banking.

Here they find...in the Bank of America...an institution that since 1860 has grown with California. Here they find an especial welcome

for the newcomer ... a stranger today, a neighbor tomorrow.

The new customers of this bank, joining the ranks of loyal old customers, are the best evidence of its progressive principles and practice.

Night Workers' Family Life

The life of the night worker in Los Angeles ism't what it used to be. In the old nights there was allence in the city streets after the witching hour when sub-urbanites yawned and pool halls gave up their dead - game sports. Here and there some little restaurant kept open for the benefit of those who had to work all night, rather, some little lunch stand in which dreary men at on stools and ste revolving lunches.

Shortly after 12 last night we strolled past the Broadway store, where extensive alterations are under way. Along the Fourth-street side the curb was lined solidly with good-

Welfare workers alsure us that panhandlers—whispering street beggars—as a rule are a preity had sort. But "Doc" Power, the radio editor, the other day had evidence that they are not all ungrateful. "Doc" met one and got interested in him, so that he met him again. Finally he suggested that the young fellow try for a job as a dishwasher on a dining car going heek to his home in Chicago. That a dishwasher on a dining car going back to his home in Chicago. That would assure him both transportation

and meals. The boy followed his advice and came back with the report that he had landed a job.

"I can't pay you back what you've let me have," he said. "But I want to leave this with you to show my approactation."

Drug stores are so plastered with signs and placards it is hard to see any of them. But in Hollywood yesterday we saw one which tickled us, now that such a lot of girls are wearing Helen Wills eyeshades. It read:

In the first twelve years of Pacific Coast League baseball only three players were credited with hitting more than twenty home runs in a single season. The players were "Truck" Eagan, "Buddy" Ryan and "Ping" Bodie.

Five players have already reached the twenty-five mark in home runs this season. Three others have passed the twenty mark. The seven leading home-run hitters have amassed the huge total of 188 fourbase clouts. The seven have averaged twenty-seven home runs each GOMEZ HAS GREAT

SOME RING ROMANCE

THERE was a royal gathering of old-time ring heroes to honor Jack Grace at the Main-street club benefit the other night.

In point of years Joe Soie was the leader. He is 71. Thirty-eight years ago he fought the famous Kid Lavigne thirty rounds at San Francisco.

Soie won from the man who was known as the Saginaw Kid, one of the greatest beters who ever pulled on a glove and who later became the lightweight champion of the world.

Sote has been living quietly in this city for several years. Scarcely anyone knew his whereabouts until he dropped in at the Grace show.

The big Burbank farmer—James J. Jeffries—rated by many critics as the greatest heavyweight of all time, was there. And grizzled De Witt Van Court, who knew Jeff so well when he was in the hey-day of his career.

And "Mary Ann" Frank Moran, the State boxing inspector, who fought Jack Johnson in Paris before the World War, had his purse held up and expects to collect it with interest this fall—\$40,000.

Then there was Bob Roper, once the A.E.F. heavyweight champion; Jack Russell, veteran trainer of fighters; jolly old Ed Smith, for years and years a sports editor of Chicage and famous referce; Jerry McCarthy, once a welterweight fighter and later a trainer; George Blake, illustrious referce and manager of Fidel La Barba; Mickey Grealis, Johnny Kilbane's trainer when he was the featherweight champion.

Among the youngsters of the gathering were Benny Whitman, referce, and George Godfrey, the Black Shadow.

The old boys posed for a picture—a picture that if it could talk would unfold the story of many a romance of the ring.

DEMPSEY'S SINISTER HAND

Instinct.

The big ebony heavyweight is a great admirer of Dempsey's, and he will listen to the former heavyweight champion as he will listen to no other man, not excluding his manager, Jimmy Dougherty.

"Bear down with that right hand," Dempsey has been admonishing Godfrey as the big black toils daily at the Manhattan gymnasium. "Give it to 'em, sock 'em with all you have. Get mad."

So big George has been hitting and socking and perspiring in the bot weather to such an extent that he has lost pounds and pounds from the start frame.

Godfrey got mad in its because the latter was elbowing and butting him.

Dempsey has advised Dougherty to get a red hot poker and apply it

Godfrey between rounds to keep him in the proper state of mind.

Haney was purposely passed, filling the bases and then Statz rified a timely single to right that brought Sandberg and Walsh home. Haney went to third on the hit and Statz took second when Maloney mussed up Rumler's throw-in. Schulmerich struck out, but Berger slashed a hit off Hulvey's glove to center and Haney and Statz romped over the plate. Tolson, up for a second helping, fanned for the third out.

Hulvey was nicked for two more markers in the third when Jacoba and Jones hit successive doubles, Sandberg sacrificed and Jones came in while Maloney was tossing out Walsh.

rollowing a dive into the Maywood reservoir, Paul De La Dore of
13164 Enterprise street, Maywood,
was drowned yesterday, according to
a report made to the Sheriff's office.
Young De La Dore was swimming
in the reservoir between Atlantic
Boulevard and Baker avenue with
Lloyd Church of 379 East Fiftysecond street, Los Angeles, and Harry Holstein of 9837 Bryson street,
South Clate, when he dived and
came to the surface strangling and
crying for help, according to the report. Believing the youth to be
joking, the other boys did not so
to his aid until his failure to reappear a second time, the report
stated.

Through efforts of the boys and
other bystanders the body was taken
from the water after fifteen minutes and artificial respiration was
applied by Z. B. Knapp, county fireman, who summoned the inhalstor
squad of the County Fire Department. Efforts of the rescue squad
proved in vain.

Deputy Sheriffs Penprase and

An Industrial Army dising, financing, management and operation. Into the hands of this group the people of the country have intrusted the stupendous task of advancing the art of the production, distribution and use of electricity in the public service. The responsibility rests with no one group; it is a joint responsibility and it must be a common effort.

Mir. Berry was indignant over half a score of letters he had received from labor organizations all over the country who attacked him for his stand on Equity.

The government of Portuguese East Africa is considering the purchase of electric tractors to use on its wharves.
